Bottom and Side Sections	4
Assembly	5
Color Charts	6
Resource Guide	8

Supply List:

- Wash-away mesh stabilizer
- Quilter's Batting
- Craft Fuse 808 Pellon
- Ruler
- Rotary cutter
- 80/12 or 90/14 sharp embroidery and sewing needles
- Embroidery thread, sewing thread, and bobbin thread
- Embroidery nips (or small scissors)
- X-Acto blade or Seam Ripper
- Mini Iron
- Hot glue gun and hot glue sticks
- 1 - 14" or longer zipper for each case
- Scotch Tape
- Fray Check

Top of Case:

- 1 - 6" x 8" piece of fabric fused with Pellon for the lining
- 1 - 6" x 8" piece of fabric for the top
- 1 - 6" x 8" piece of batting

Bottom of Case:

- 1 - 6" x 8" piece of fabric fused with Pellon for the lining
- 1 - 6" x 8" piece of fabric for the bottom
- 1 - 6" x 8" piece of batting

Sides of Case:

- 2 - 3½" x 3½" pieces of fabric fused with Pellon for the lining
- 2 - 3½" x 3½" pieces of fabric for the sides
- 2 - 3½" x 3½" pieces of batting

Spooky Supply Cases

Hoop Size: 5" x 7"

Dimensions:

The Spooky Supply Cases are 6" long by 2½" wide.

TOP SECTION INSTRUCTIONS

Use wash-away mesh stabilizer and a size 80/12 or 90/14 sharp embroidery needle. Please make the Bat Top first so that you can see how it is made and how the zipper is inserted! The method is the same for the Witch Top, but you'll need to refer to the color chart on page 7 for the color sequences.

You will need two pieces of 6" x 8" fabric, one piece of 6" x 8" Pellon, and one piece of 6" x 8" batting. Fuse one piece of fabric with Pellon. This will be the lining.

Please cut all jump stitches as you finish each color!

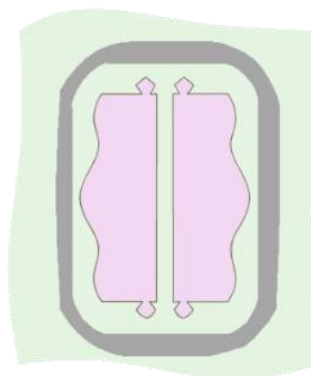

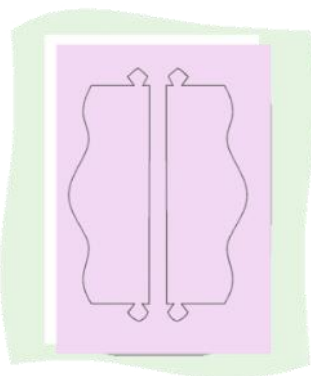

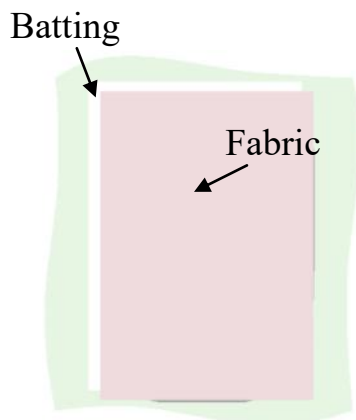

If you'd like to see a detailed video of how to make this case, watch [Just in Case](#)—my Supply Case Tutorial. You can find it in the Video section of SHELLYSMOLA.COM.

1. Hoop a piece of wash-away mesh stabilizer. Embroider the placement line on the stabilizer (color 1).

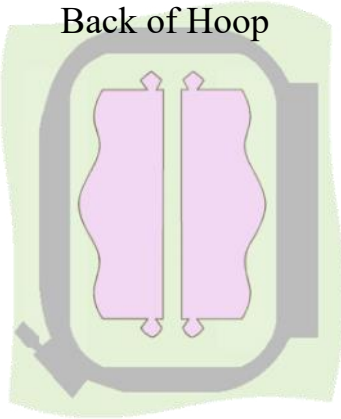

Note: If you are using a hoop that is larger than 5" x 7", move the design down to the bottom of the hoop before stitching the first color. This will make it easier to place the zipper later.

2. Take the hoop out of the machine. Place the lining fabric backed with Pellon on the back of the hoop. The right side of the fabric should be facing you. You can use Scotch Tape to hold it in place if you want.

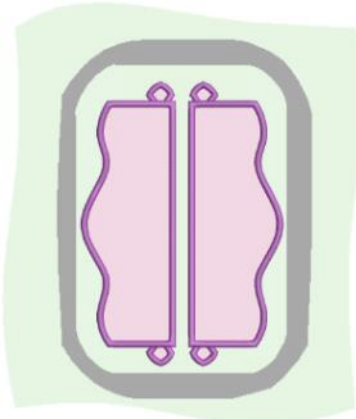

3. Place batting and fabric over the line on the front of the hoop. Both pieces should cover the stitched outlines completely.
4. Gently hold the fabric in place, and embroider the cutting line (color 2).
5. Use small embroidery nips to trim the fabric and batting around the cutting line. Trim close, but do not cut the stitches!

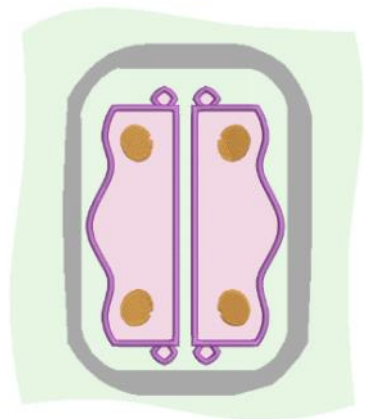

Back of Hoop

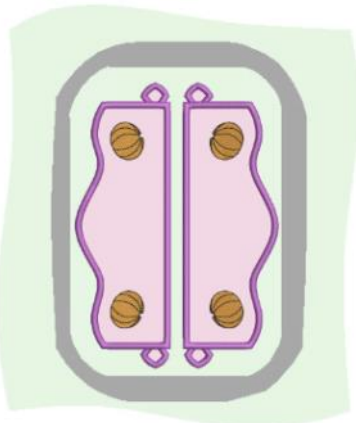

6. Trim the fabric and Pellon around the line on the back of the hoop.

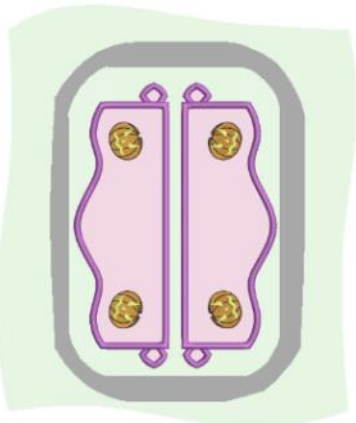

7. Embroider the finish for the sections (color 3). Use matching embroidery thread in the bobbin.

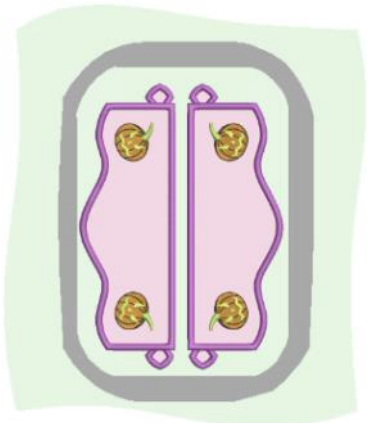

8. Embroider the pumpkins (color 4).

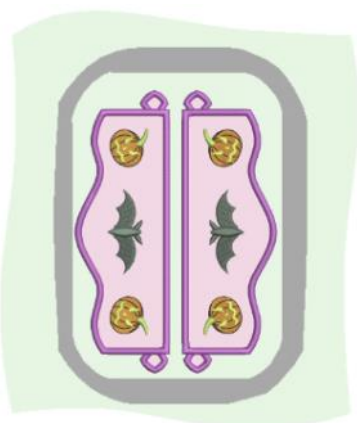

9. Embroider the pumpkin outlines (color 5).

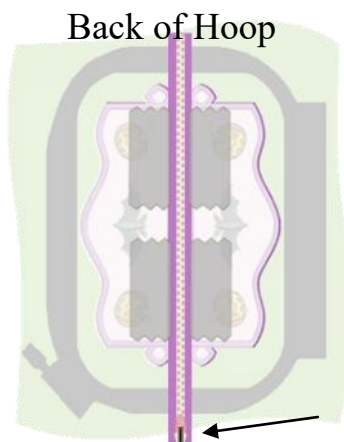

10. Embroider pumpkin faces (color 6).

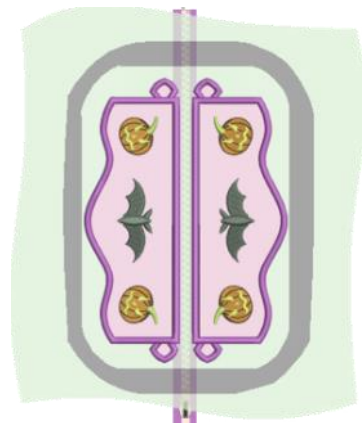

11. Embroider the pumpkin stems (color 7).

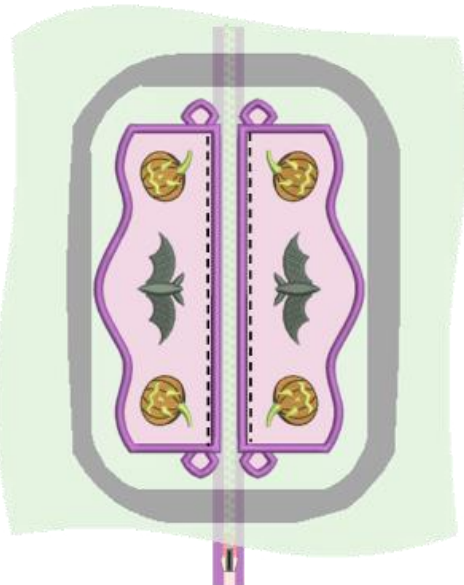

12. Embroider the bats (color 8). The machine will take one extra stitch after the bat so that it is positioned to sew the zipper in place.

13. Take the hoop out of the machine, and place the zipper on the **BACK OF THE HOOP** so that the zipper pull is **OUTSIDE** of the hoop. Use Scotch Tape to hold the zipper in place.

14. On the front of the hoop, check to make sure that the zipper teeth are centered in the gap. Adjust the zipper if necessary.

15. Place the hoop back in the machine, and embroider the tackdown for the zipper (color 9).

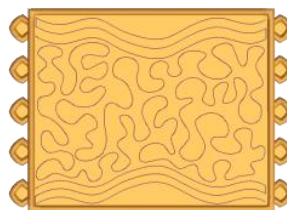

16. Unhoop the section, and trim the stabilizer away. DO NOT clip the stitches! DO NOT trim the zipper yet!
17. Run a hot mini iron along the edges. This will melt the stabilizer on the edges and make the design look clean! You can also use a Q-Tip and hot water to dissolve the stabilizer along the edges.

BOTTOM AND SIDE SECTION INSTRUCTIONS

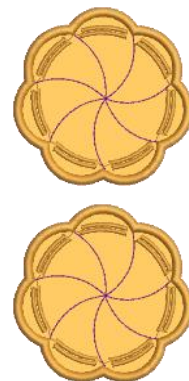

Use wash-away mesh stabilizer and a size 80/12 or 90/14 sharp embroidery needle.

For the Bottom Section: You will need two pieces of 6" x 8" fabric, one piece of 6" x 8" Pellon, and one piece of 6" x 8" batting. Fuse one piece of fabric with Pellon. This will be the lining.

For the Side Sections: You will need four pieces of 3½" x 3½" fabric, two pieces of 3½" x 3½" Pellon, and two pieces of 3½" x 3½" batting. Fuse two pieces of fabric with Pellon. These will be the linings.

1. Embroider the placement line on the stabilizer (color 1).
2. Place lining fabric backed with Pellon on the back of the hoop so that it covers the placement line completely. You can use Scotch Tape to hold the lining in place if you wish.
3. Place batting over the line on the top of the hoop. Place fabric over the batting. The batting and fabric should completely cover the placement line.
4. Gently hold the batting and fabric in place, and embroider the cutting line (color 2).
5. Trim the lining fabric and Pellon around the line on the back of the hoop.
6. Trim the batting and fabric around the line on the front of the hoop.
7. Embroider the finish (color 3).
8. Embroider the stippling (color 4).
9. To make the side sections, follow steps 1-8 to make the first section (colors 1-4), then repeat steps 1-8 to make the second section (colors 5-8).
10. Unhoop the sections, and trim the stabilizer away.
11. Run a hot mini iron along the edges. This will melt the stabilizer on the edges and make the design look clean! You can also use a Q-Tip and hot water. Apply Fray Check to the buttonholes in the side sections, and slice them open with an X-Acto blade or seam ripper.

SPOOKY SUPPLY CASE ASSEMBLY

You will need:

- 1 - Top Section
- 1 - Bottom Section
- 2 - Side Sections
- **High heat** hot glue gun and glue sticks (Low heat glue doesn't hold as well.)

1. Place the top section over the bottom section as shown. The curve of the top piece should just cover the curved stippling on the bottom piece. Secure with a couple of small drops of hot glue.
2. Set your machine to a straight stitch with a length of 3 or less.
3. Stitch the top section to the bottom section just inside the satin stitching.

4. Unzip the top, and place the other side of the top over the bottom section as shown (see why a longer zipper makes this easier!). Secure with a few drops of hot glue, then stitch. Make sure your zipper isn't twisted before you sew!
5. Place the zipper pull in the middle of the case, and trim the ends of the zipper to about 1½". Don't open the zipper pull all the way—there's no stop, and the zipper pull will slide right off!! EEK!

6. Insert the two tabs on either side of the end of the zipper through a side section as shown. Glue the tabs in place.

7. Open the side, and hot glue the ends of the zipper to the inside of the side section. Place a drop of glue on the zipper to form a zipper stop.

8. Insert the remaining tabs through the buttonholes, and glue each tab in place.
9. Repeat for the other side, and you are done!

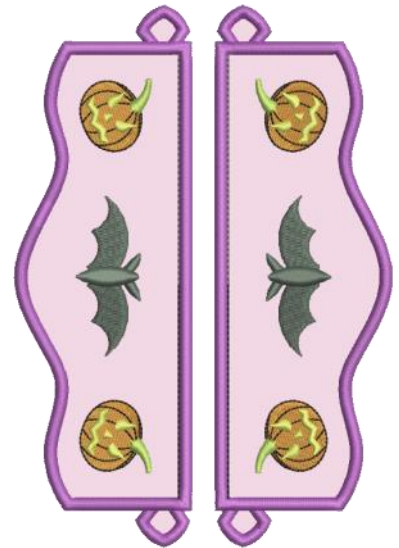

COLOR CHARTS

BAT TOP

- 1 Placement line - Place fabric backed with Pellon on the **back** of the hoop! Place batting and fabric on the front of the hoop.
- 2 Cutting line - Trim the fabric and batting on the front of the hoop. Trim the fabric and Pellon on the back of the hoop.
- 3 Finish for both sections
- 4 Orange - Pumpkins
- 5 Black - Pumpkin outlines
- 6 Yellow - Pumpkin faces
- 7 Green - Pumpkin stems
- 8 Black - Bat

STOP!!! On the BACK OF THE HOOP, place the zipper in the middle of the two sections. Hold the zipper in place with Scotch Tape! The zipper pull should be OUTSIDE of the hoop!

- 9 Tackdown for the zipper

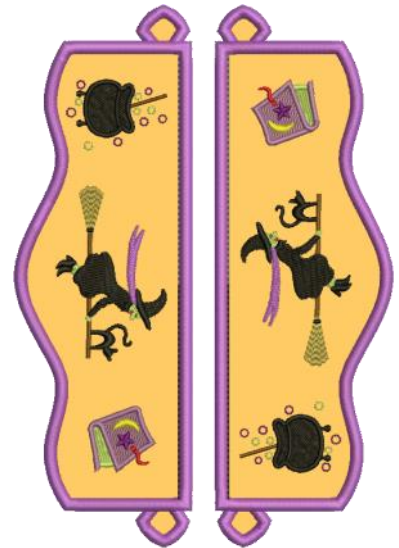

WITCH TOP

- 1 Placement line - Place fabric backed with Pellon on the **back** of the hoop! Place batting and fabric on the front of the hoop.
- 2 Cutting line - Trim the fabric and batting on the front of the hoop. Trim the fabric and Pellon on the back of the hoop.
- 3 Finish for both sections
- 4 Brown - Broomstick and cauldron stick
- 5 Light Brown - Broom bristles
- 6 Green - Witch's skin
- 7 Red - Witch's mouth
- 8 Dark Brown - Witch's eye
- 9 Black - Cauldron, witch's clothes (boots, dress, hat), and cat
- 10 Purple - Witch's scarf
- 11 Light Green - Spell book pages
- 12 Purple - Spell book covers
- 13 Yellow - Moons
- 14 Dark Purple - Stars
- 15 Red - Spell book ribbons
- 16 Metallic Purple - Cauldron bubbles
- 17 Metallic Green - Cauldron bubbles

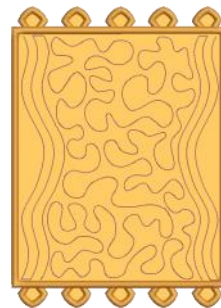

STOP!!! On the BACK OF THE HOOP, place the zipper in the middle of the two sections. Hold the zipper in place with Scotch Tape! The zipper pull should be OUTSIDE of the hoop!

- 18 Tackdown for the zipper

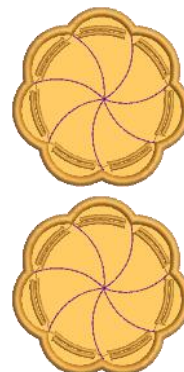

BOTTOM

- 1 Placement line - Place fabric backed with Pellon on the **back** of the hoop! Place batting and fabric on the front of the hoop.
- 2 Cutting line - Trim the fabric and batting on the front of the hoop. Trim the fabric and Pellon on the back of the hoop.
- 3 Finish for the bottom
- 4 Stippling

SIDES

- 1 Placement line for the top side - Place fabric backed with Pellon on the **back** of the hoop! Place batting and fabric on the **front** of the hoop!
- 2 Cutting line for the side - Trim the fabric on the front and back of the hoop.
- 3 Finish and buttonholes
- 4 Stippling
- 5 Placement line for the bottom side - Place fabric backed with Pellon on the **back** of the hoop! Place batting and fabric on the **front** of the hoop!
- 6 Cutting line for the side - Trim the fabric on the front and back of the hoop.
- 7 Finish and buttonholes
- 8 Stippling
