

Here's a bit more information about the Affiliate Program.

Simple Link

Link your site to mine. When the link is followed, you'll get a commission on digital purchases made on my site.

Featured Products

Feature my digital products on your site and set up a link. When the link is followed, you'll get a larger commission on featured products purchased on my site.

Newsletter or Social Media

Promote a product in a newsletter or on social media, and you'll get an even larger commission on that product.

Classes (Dealers only)

When you teach a class with Shelly Smola Designs, you will earn a 50% referral commission on the Class product purchased on SSD's website.

Live Events (Dealers only)

When you sponsor a Live Event with Shelly Smola, you will earn a 50% referral commission on the products featured in the Live Event that are purchased on SSD's website for up to 5 days after the live event.

Multiple Commissions

A customer might purchase a product promoted in your newsletter, one of your featured products, and another product that you've never noticed before. You'll get a different commission FOR EACH of those products. The more products you promote, the more money you'll make. It adds up fast.

If a product qualifies for more than one rate, the greatest rate will apply.

Payouts

Payouts will be sent via PayPal by Shelly Smola Designs.

Affiliate Benefits

- When you feature products on your site, customers who follow the links will be directed to a landing page on SSD's website displaying your logo and your featured product(s).
- You will have access to a Dashboard on www.shellysmola.com, which shows your referrals, payouts, statistics, and more. The Dashboard also includes a URL generator that you can use to send your customers directly to promoted products.

- A link to your site will be included on SSD's website to encourage customers to visit your site, view any Featured products, and follow your links.
- When possible, SSD will notify you of upcoming sales, newsletter specials, and other promotions so that you can promote them to your customers and earn commission. You can also request a sale price for a product. I'll try to accommodate you whenever possible.
- If at any time you'd like to purchase a product to make a sample for your store, SSD will be glad to provide you with a 50% discount for those purposes.
